

2021 moscato

Colour: Pale straw

Aroma: Floral and vibrant with hints of marshmallow

Palate: Tropical summer fruits & fragrant rose petals
with a freshening spritz

Winemaking

To preserve freshness and quality, fruit was harvested in the cool of the night. Individual batches were cool fermented in stainless steel, followed by ferment arrest to maintain the sweetness and integrity of the fruit. Prior to bottling, the wine was blended, stabilised and filtered.

Vintage

A wet spring followed by a mild summer during the 2021 growing season provided the ideal framework for lush vine canopy development and was a refreshing change following the dry conditions of 2019 and 2020. The anticipated rainfall of early 2021 held off during the harvest period providing perfectly mild conditions. The resulting wines are excellent, with the whites showcasing stunning varietal expression as well as some superbly refined reds.
