#### WINEMAKING

Premium parcels of Shiraz fruit were fermented in rotary fermenters for a period of 8-12 days. The wine was gently pressed, underwent malolactic fermentation and blended. The wine was matured on French oak for approximately 1 year before bottling. The resulting wine has excellent depth of colour, richness and complexity.

#### VINTAGE SUMMARY

The warm, dry, sunny conditions of the ripening season accompanied by cool nights has resulted in exceptional quality in the Barossa region. The wines have great fruit concentration and weight with balanced natural acidity.
