WINEMAKING

Fruit selected from the Adelaide Hills region was harvested early in the cool of the night to preserve freshness and quality. Individual batches were cool fermented in stainless steel to preserve freshness of fruit flavour. The wine was blended, stabilised and filtered prior to bottling.

VINTAGE SUMMARY

Vintage 2022 in the Adelaide Hills was preceded by cool, wet conditions but during harvest it remained mild and dry, with the cool nights delivering exceptional flavour development of the fruit. Although lower than expected yields, the region welcomed long, cool ripening and benefitted from good-sized canopies with excellent fruit quality.
